Should the parties agree to pursue an ADR process each party will be responsible for its own expenses incurred to resolve the dispute during the ADR process.

If the parties do not agree to an ADR process or are unable to resolve the dispute through ADR, either party shall then have the right to pursue any legal remedy consistent with other terms of the purchase order.

Further, the prohibition against release of Government provided information extends to cover such information whether or not in its original form, e.g., where the information has been included in Supplier generated work or where it is discernible from materials incorporating or based upon such information. This prohibition shall not expire after a given period of time.

In other words, the Supplier may be authorized to compete for procurement(s) for systems, components or services subsequent to an intervening procurement.
- (f) The Supplier agrees that, if after award, it discovers an actual or potential organizational conflict of interest, it shall make immediate and full disclosure in writing to the Contracting Officer. The notification shall include a description of the actual or potential organizational conflict of interest, a description of the action which the Supplier has taken or proposes to take to avoid, mitigate, or neutralize the conflict, and any other relevant information that would assist the Contracting Officer in making a determination on this matter.
