### PART IV. ARTICLES INCORPORATED IN FULL TEXT

The following articles, as applicable, are incorporated by full text:

#### **ASSIGNMENT AND SET OFF**

Performance of this order shall not be assigned or transferred by Supplier, except as expressly authorized in writing by Buyer. This order may be assigned by Buyer to the Government or any designee of the Government, provided that written notice thereof is given to Supplier. Buyer shall be entitled at all times to set off against any amount payable at any time by Buyer under this order, any amount owing at any time from Supplier to Buyer whether arising under this order or other purchase orders with Supplier.

#### LIABILITY FOR UNCOMPLETED OR ERRONEOUS TRANSFERS

If the EFT information changes after submission of correct EFT information, the Buyer shall begin using the changed EFT information no later than 30 days after its receipt by the designated office to the extent payment is made by EFT. However, the Supplier may request that no further payments be made until the updated EFT information is implemented by the payment office. If such suspension would result in a late payment, the Supplier 's request for suspension shall extend the due date for payment by the number of days of the suspension.

If an uncompleted or erroneous transfer occurs because the Buyer used the Supplier EFT information incorrectly, the Buyer remains responsible for-

- Making a correct payment;
- Recovering any erroneously directed funds.

If an uncompleted or erroneous transfer occurs because the Supplier EFT information was incorrect, or was revised within 30 days of Buyer release of the EFT payment transaction instruction to the Federal Reserve System, and-

- If the funds are no longer under the control of the payment office, the Buyer is deemed to have made payment and the Supplier is responsible for recovery of any erroneously directed funds; or
- If the funds remain under the control of the payment office, the Buyer shall not make payment and the provisions of the first paragraph shall apply.

#### **DISPUTES**

Supplier shall not be entitled to claim and Buyer shall not be liable to Supplier or its Suppliers or Suppliers of any tier in tort (including negligence), or purchase order except as specifically provided in this purchase order.

Any claim arising out of or attributable to the interpretation or performance of this subcontract which cannot be resolved by negotiation shall be considered a dispute within the meaning of this clause.

If for any reason Supplier and Buyer are unable to resolve a claim for an adjustment, Supplier or Buyer shall notify the other party in writing that a dispute exists and request or provide a final determination regarding the claim. Any such request by Supplier shall clearly reference this clause and shall summarize the facts in dispute and Supplier's proposed resolution of the dispute.

Buyer shall, within sixty (60) calendar days of any request by Supplier, provide a written final determination setting forth the contractual basis for its decision and defining what purchase order adjustments it considers equitable. Upon Supplier's written acceptance of BMPC's determination the purchase order will be modified and the determination implemented accordingly.

If Buyer's final determination is not accepted by Supplier, the matter shall, within thirty (30) calendar days, be referred to senior executives of the parties who shall have designated authority to settle the dispute. The parties shall promptly prepare and exchange memoranda stating the issues in dispute and their respective positions, summarizing the negotiations that have taken place and attaching relevant documents.

The senior executives will meet for negotiations at a mutually agreed time and place. If the matter has not been resolved within thirty (30) days of the commencement of such negotiations, the parties agree to consider resolution of the dispute through some form of Alternative Dispute Resolution (ADR) process which is mutually acceptable to the parties.

Should the parties agree to pursue an ADR process each party will be responsible for its own expenses incurred to resolve the dispute during the ADR process.

If the parties do not agree to an ADR process or are unable to resolve the dispute through ADR, either party shall then have the right to pursue any legal remedy consistent with other terms of the purchase order.

Pending final resolution of any performance issue, request for equitable adjustment, claim or dispute regarding this purchase order, the Supplier shall proceed diligently with the performance of this purchase order.

#### **TITLE AND ADMINISTRATION**

All site work performed in furtherance of this purchase order will be on real property owned by the U.S. Government. Title and all property rights and interests resulting from this subcontract shall pass directly from Supplier to the U.S. Government, upon acceptance,

regardless of when or where the Government takes physical possession. Payments under this subcontract will be made by Buyer from funds advanced by the Government, not from Buyer's own assets. Magnetic media is subject to Buyer Security Regulations and will not be allowed to be removed from Buyer's sites. Memory bearing components retained by Buyer, in accordance with Buyer Security Requirements, shall be replaced at Supplier's cost. Seller shall invoice for reimbursement for each part replaced or repaired.

The virus check that is performed by the Supplier will include checks with current, up-to-date anti-virus software and any virus problems that are found during the check (or later found by the Buyer) will be fixed by the Supplier.

#### **WARRANT OF MANUFACTURER'S PRODUCT**

The supplier shall source all products submitted in this offer as new products from the manufacturer or through the manufacturer's authorized distributors only, in accordance with all applicable laws and policies at the time of purchase.

- 3. Applicable Referenced Documents (including final proposal for Design Build)\*
- 4. Detailed Specification / Workscope

Supplier further agrees to indemnify Buyer and the Government against, and to save and hold harmless Buyer and the Government from any and all liability, and expense with respect to claims against Buyer or the Government which may result from the failure or alleged failure of Supplier or any of its lower-tier suppliers to comply with the requirements of this purchase order.
